"A History of News, Third Edition, provides an extended, international history of journalism that ranges from preliterate societies to the digital age. It examines the strengths and weaknesses of news and provides unique insights into contemporary journalism. Author Mitchell Stephens, an accomplished writer and media critic, analyzes news in all of its manifestations - spoken, written, visual and digital - from an international perspective. For the third edition, Stephens has broadened the scope of the book's international coverage, expanded the section on television news, increased coverage of women and minorities and added new material on the Internet and the digital revolution. The book also features an updated timeline, questions at the end of each chapter and new boxes, many of which underline connections between older news systems and issues in contemporary journalism."--Jacket
The history of journalism, or the development of the gathering and transmitting of news spans the growth of technology and trade, marked by the advent of specialized techniques for gathering and disseminating information on a regular basis that has caused, as one history of journalism surmises, the steady increase of “the scope of news available to us and the speed with which it is transmitted. Before the printing press was invented, word of mouth was the primary source of news. Returning merchants New Historian brings you breaking news of the most recent historical discoveries. Your source for popular history news and thought-provoking editorials. January 27 was international Holocaust Remembrance Day, the 74th anniversary of the liberation of the death camp at Auschwitz-Birkenau. In this time of many refugees and fierce debates about where they can find refuge, it seems timely to r Read more. This Day In History. Schedule. Topics. Stories. Join. Shows. The news was terrifying to colonists in Massachusetts: Smallpox had made it to Boston and was spreading rapidly. The first victims, passengers on a ship from the Caribbean, were shut up in a house identified only by a red flag that read “God have mercy on this house.” Meanwhile, ...read more. Feb 1, 2019. WWII Mail Delivery Would Have Been a Mess Without These Black Female Army Heroes. An army unit known as the “Six Triple Eight” had a specific mission in World War II: to sort and clear a two-year backlog of mail for Americans stationed in Europe. Between the Army, Navy, Air Force, the Red Cro
